DEPARTMENT OF THE ARMY SUPPLY MANUAL

Organizational Maintenance Allowances and Field and Depot Maintenance Stockage Guide

for

FLASH RANGING SET GR-4-A

Ref: TM 11-439

Department of the Army, Washington 25, D. C.

8 September 1954

1. A copy of SIG 1 and SR 310-20-21 should be available to every user of any part of the Signal portion of the Army supply manual.

a. SIG 1 explains the purpose and use of the Signal portion of the Army supply manual.

b. SR 310-20-21 contains alphabetical and numerical indexes of available manuals in the Signal portion of the Army supply manual.

2. Items marked X under expendability note are expendable within the meaning of AR 35-6620; nonexpendable items are marked NX.

3. Department of the Army Supply Manuals for the following equipments are also required for complete maintenance allowance data of the equipment covered herein:

SIG 6 TE-33
SIG 7 & 8 AN/GTC-1 (for SB-4/GTC-1)
SIG 7 & 8 EE-8
SIG 7 & 8 GN-38
SIG 7 & 8 HS-30
SIG 7 & 8 RL-27
SIG 7 & 8 T-26
SIG 7 & 8 TD-1
SIG 7 & 8 TS-9
SIG 7 & 8 TS-557/FT (for TL-557/U)

See SR 310-20-21 for the availability of supply manuals listing maintenance data for the above-named equipment.

4. Dry batteries shown are used with the equipment but are not considered part of the equipment. They will not be preshipped automatically but are

to be requisitioned in quantities necessary for the particular organization, in accordance with SB 11-6.

5. A percent symbol (%) indicates the item is authorized for use in the category of maintenance indicated and may be requisitioned when required. Not authorized for stockage.

6. The Federal stock number column lists the 11-digit Federal stock number (or 7-digit Federal item identification number) which has been assigned by the Cataloging Division, OASD (S & L). These numbers are for information only and will not be used in connection with supply operations until such time as implementation of the Federal Cataloging Program is accomplished.

7. SIG 7 & 8 GR-4 comprises two parts as follows:

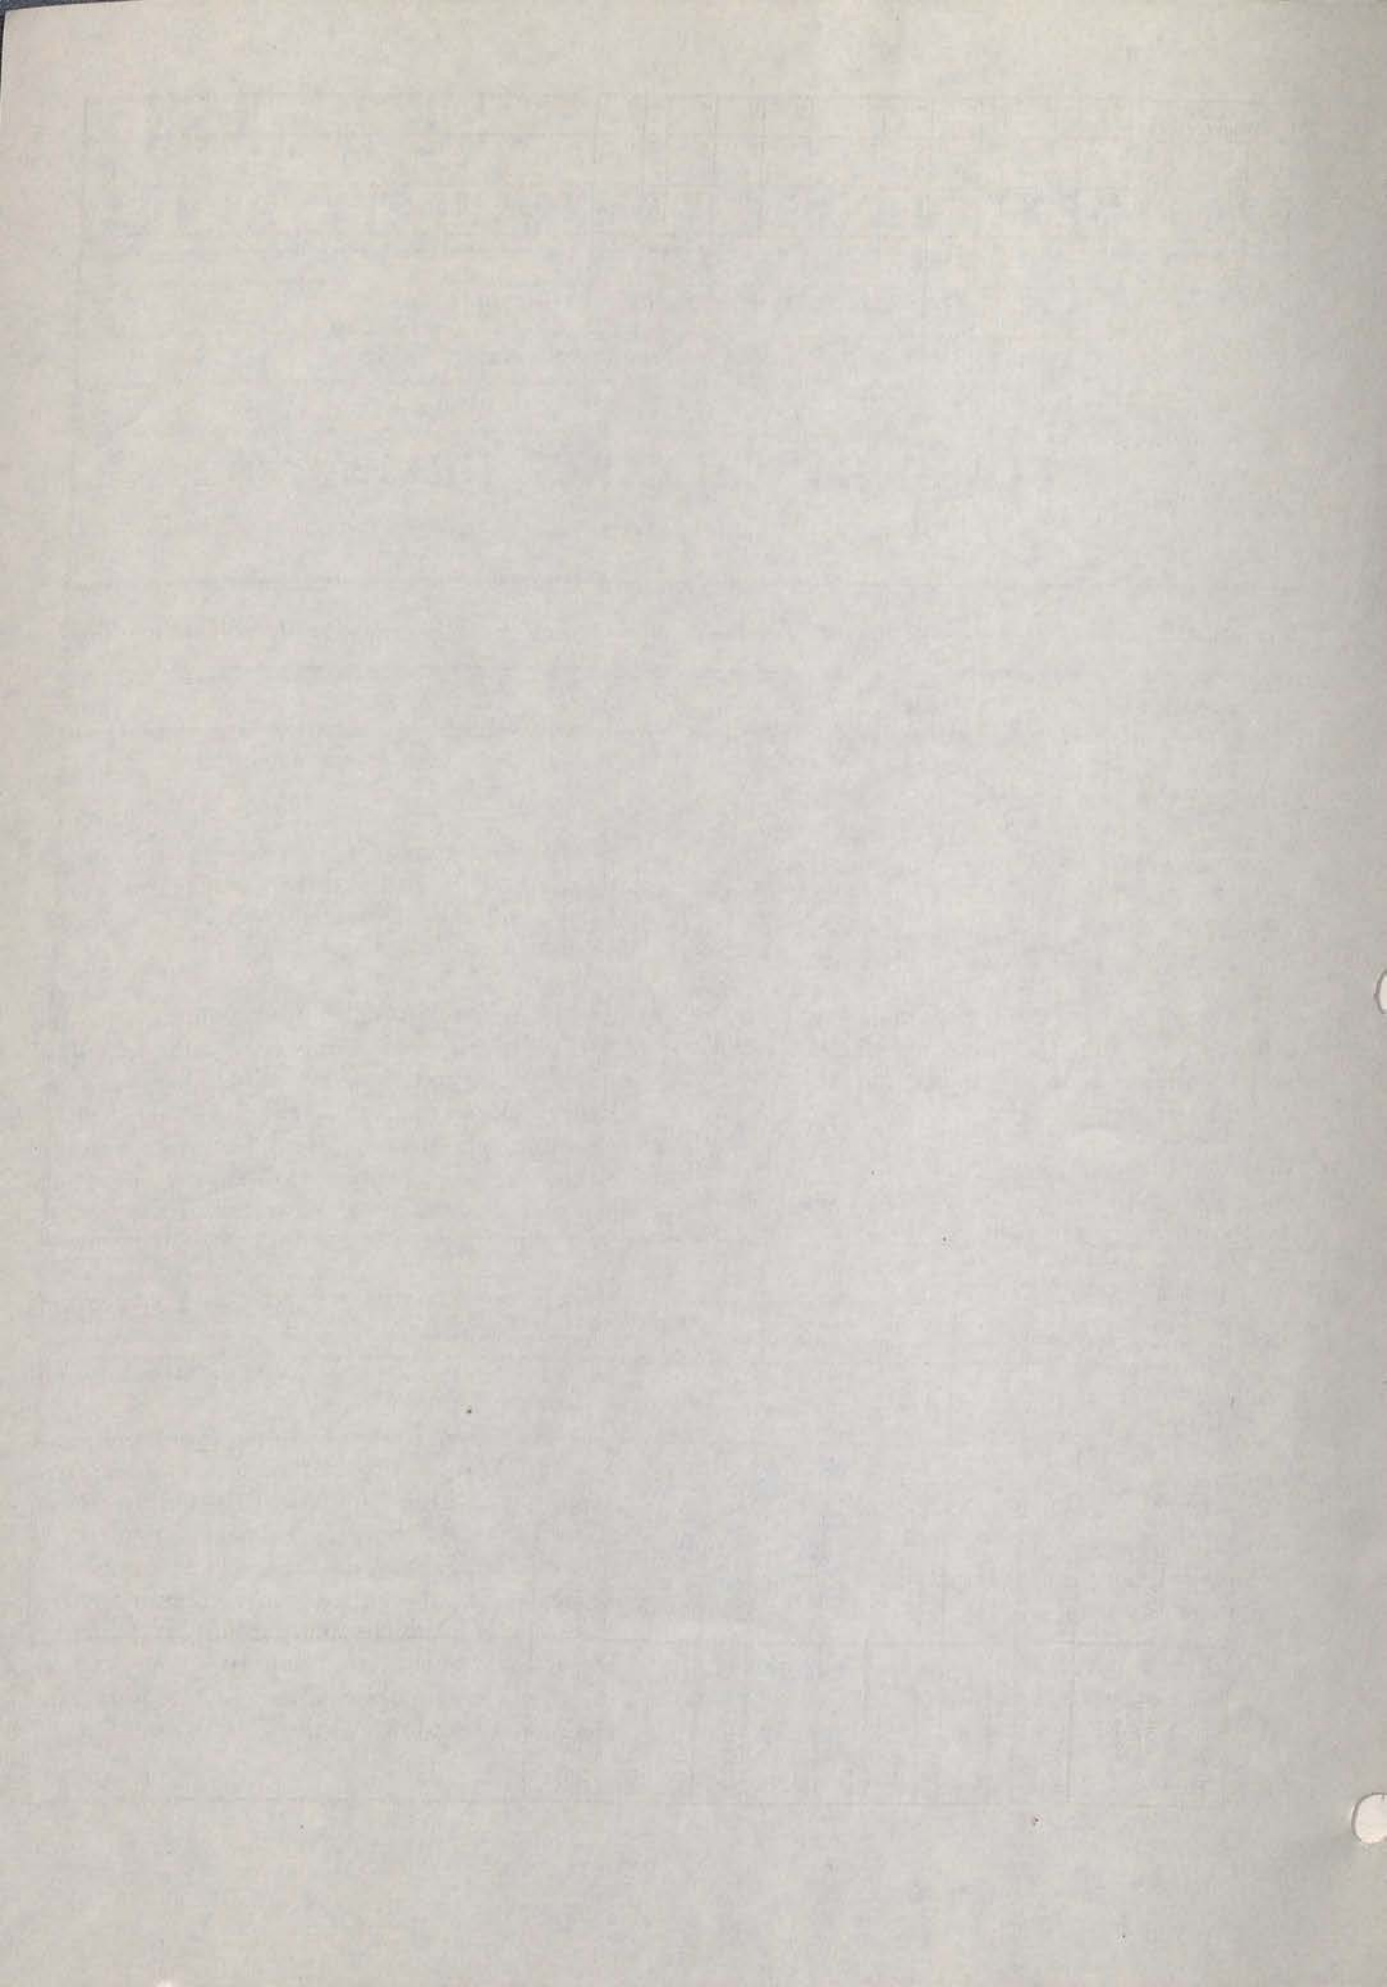

a. *Maintenance Items.* A list of parts for repair and supply facilities.

b. *Basic Issue Items.* A list of component parts showing the quantities of each that comprise a complete operating equipment, including running spares, that is, those spare parts shipped concurrently with the equipment, and accessories. A dagger (†) in the subassembly column indicates the item is a subassembly item for which the Department of the Army Supply Manual prepared to cover the specific component is required for a complete breakdown of the initial issue item.

*This manual supersedes SIG 7 & 8 GR-4, 13 March 1952.
